

This month we will be reading through the Epistles of Paul, particularly some of his smaller Epistles. Paul writes as an apostle of Christ, one who has been sent by Him to bear witness about His life, death, and resurrection, which is the center point and reason for the existence of all of human history! As we read his inspired words, we see how important it is that God speaks to us. Not only does God reveal Himself to us in and through Jesus Christ, but He also spells out what this means. We need Paul (and the other apostles) in order to make sense of the gospels. God's revelation always comes after His works of redemption. As we read Paul's letters, there are certain patterns that develop. For instance, we see that he always writes about what has been done by Christ for the Christian before speaking about how the Christian should live. He avoids the idea that we can earn our way to God and reminds us that the gospel always comes before our obedience. What are some other patterns or repeated truths you see in Paul?

## December 2021: HS

D6 is designed to offer guided time the Bible for 6 days a week. The goal is to develop a habit of learning from God's Word daily. If you miss a day, don't give up. Just jump back in the next day.

Deuteronomy 6:6-9

These commandments that I give you today are to be on your hearts. Impress them on your children. Talk about them when you sit at home and when you walk along the road, when you lie down and when you get up. Tie them as symbols on your hands and bind them on your foreheads. Write them on the door frames of your houses and on your gates.
